Sales Tax Issue Is Up For Decision On November Ist

Loehr Will Attempt Defeat Of Measure At Board Meet Soon

Unless there is an unexpected negative vote on the ordinance at the November 1 meeting of the Nevada County Board of Supervisors, this county—whether it likes it or not—will be saddled with a county sales tax.

At the meeting last Wednesday, the board voted three to two to approve proceedings to setup the controversial ordinance for further consideration.

Motion for passage was made by M. F. Smart of Nevada City and seconded by W. W. Bishop of Grass Valley, representatives of the districts which embrace those two incorporated cities, which have urged the sales tax measure on the basis that the cities will reap a major share of the tax collected therein.

Although he had earlier protested that he would oppose the sales tax at this time, Chairman H. G. Loehr of Truckee voted in its favor with the dissenting votes coming from Jay Coughlin and Guy N. Robinson, representing the other unincorporated area of the county.

Made "Mistake"

Loehr has protested since the meeting that he made a blunder in his "yes" vote and has promised to do "everything in my power" to see that it is defeated when the issue is presented in ordinance form.

"I voted to bring the matter before the board as an ordinance to clear the issue once and for all," Loehr said. "I made a mistake, but will work for its defeat when it comes up for final passage."

Although both Coughlin and Robinson voted against the plan, they declared they would favor it, providing an equal division of the money raised through the sales tax could be decided upon. Nevada City has been holding out for a 80-20 cut, while Grass Valley is apparently demanding only a 70-30 share of the tax money. Truckee, of course, will share only as a portion of the unincorporated area of the county regardless of the amount raised here.

"Yes" Vote Probable

There is a possibility that even though Loehr changes his vote, that either Coughlin or Robinson will do likewise, and that would provide the required vote of two to three in favor of the issue.

The matter is being rushed through the board to get the tax into operation soon. Grass Valley and Nevada City are limited by law on tax rates and the sales tax will overcome this handicap and provide the incorporated cities with additional funds. How the money collected in Truckee and other unincorporated districts of the county will be spent is questioned, as the money will go into the general fund for the purpose of providing county-wide services.

The issue may well be likened to many other situations in which Truckee and North Tahoe have found themselves in recent years —that of paying for services and facilities far above any possible benefit, simply because these services and facilities are desired by the western portions of the two counties.

HELLER WINNER IN LIONS SNOW GUESS

With no program scheduled, the directors of the Truckee Lions Club last night at Donner Lake Lodge disussed various community projects. Dr. Ben King presided and guests included Charles Fink and Jack Holgate, both of Truckee.

C. R. Heller was winner of the first snow guessing contest, predicting the exact date Truckee received its first snow fall.

ACCUSED THIEVES RAISE BAIL MONEY

Robert Gilette, 25, who has been in the county jail awaiting hearing in connection with the theft of a boat, motor and trailer stolen during the summer from Charles Robarts and Ken Gordon at Donner Lake, posted $2000 bail yesterday and was released from jail.

His companion, Donald Lushenko, 26, was released earlier this week on bail following arraignment in Truckee Judicial District Court.

TRUCKEE BOY BAGS FIRST DEER ON HUNT

Sunday was a big day for Jimmy Moore for he not only bagged his first buck, but outhunted his father, Robert Moore of Osburn's Buick Garage.

Fourteen-year-old Jimmy and his father were hunting in the Jackass Point area when the former spotted a four-pointer and with a well directed shot hit the deer in the ear, killing it instantly. The deer weighed 210 pounds—one of the best shot this season.

It was Jimmy's first deer hunt.

Incidentally the season for hunting deer ends in this district next Sunday.

Proposals Studied To Lower Rim Of Tahoe In Future

CARSON CITY—A study of seven proposals to lower the level of Lake Tahoe from three to 13 inches has been ordered by the joint California-Nevada Compact Commission. Five other proposals on the subject were tabled.

Property owners on the lake shore have been agitating for a reduction of the present 6,229.1 foot maximum allowable elevation of the lake's surface. Water users, on the other hand, want it kept at the present level because Lake Tahoe water is one of the principal late summer irrigation sources for western Nevada.

Replacement Cited

Commission members in a meeting indicated legal opinions might solve some of the "misunderstandings" which have clouded attempts to lower the lake. It was pointed out before this can be done replacement water storage sites must be found and developed.

The $44,000,000 multi purpose Washoe Project on the Truckee and Carson Rivers in eastern California and western Nevada was authorized by congress in 1956. But no money has been made available by the federal government for construction of the project.

Floriston Will Have New Rail Crossing

FLORISTON—Within a week, Floriston has received a favorable solution to two of its most pressing community problems.

First, as reported earlier, came the good news that through the combined efforts of the local PTAs, the school board, the Sierra Sun and the Floriston Property Owners Association, a new bridge and access road will be constructed as the freeway progresses past Floriston.

On Saturday R. L. King, representing the safety division of the Southern Pacific Railroad, and Glenn Miller, Truckee roadmaster, made an on-the-spot survey of the two crossings which the town children have used at great hazard for the past eight years. As a result of this visit, a new grade crossing for the west-bound track is projected; one which will give an unobstructed view of that track for more than a mile. This projected crossing will be extended as a walkway to the eastbound underpass, and will eliminate the need of a second grade crossing.

Floriston wishes to express its appreciation to King and Miller, as well as Mr. Nugent of the San Francisco office, for their cooperation and their commendable action toward promoting the safety of the local school children.

BOY SCOUTS HOLD FIRST FALL MEETING

The first fall meeting of Troop No. 7, Boy Scouts of America, was held early this month at the Veterans Memorial Hall under the direction of Scoutmaster Nelson Stone. At a board of review held October 16, Steve Randall, registered Scout, passed his requirements for the second class badge with Stone and Advisor Elmer Brown officiating. The other member of the board is Percy Samme.

LEON BARKER NOW WITH TRUCKEE FIRM

KING SBEACH—Leon Barker of Kings Beach, 10 years in the insurance business, announces that he is affiliating with C. Z. Smith of the R. N. Little Insurance Agency of Truckee and Lake Tahoe.

This association, Smth declared, will give Barker clients assurance of complete year around service and will permit him to devote more time to attention to policy-holders as well as to community projects at North Tahoe.

Barker has been active in a number of Lake Tahoe community programs including the North Tahoe Community Club, Lake Tahoe Sierra Chamber of Commerce and similar organizations. All the detail work of the insurance agencies will now be handled from the office in Truckee, and Barker can be reached either there or at Kings Beach.

Transferred—

Tom Grow has been transferred from the Z Market at Truckee to the company's store at Arcata. Jack Hughes of Arcata will replace Grow in the store here.

New College Now Assured As Bond Issue Is Approved

Area Voters Oppose Bonds By 305 to 68 Vote As Election Held

Although voters of the Tahoe-Truckee Unified School District voted nearly five to one against a $3,040,000 bond issue to build a new junior college in the western end of Placer County, the matter carried over the district by a near three to one count.

At latest unofficial count, the total vote was 5371 to 2100, assuring passage of the bond issue and an increase of some 50 cents in the local tax rate.

Oddly enough, Truckee voters gave the issue more "yes" votes than all the balance of the district combined. The count here was 61 aainst and 27 for the bonds, an unusually light vote when considering there are more than 800 registered voters.

The totals for the Tahoe-Truckee District was 305 against and 68 for the bonds.

At Kings Beach 100 voted against and six for the issue.

Tahoe City had 112 "no" votes ad 14 "yes."

Floriston recorded 12 opposed and four votes in favor and Soda Springs voted 20 to 7 against the issue.

That the attitude of the governing board of the Sierra College in providing extra services for the students attending from this district had a bearing on the balloting is reflected in the fact that the vote to form the district originally was 710 to 10 locally.

Veteran Patrolman Dies In Sacramento

Arthur C. Barrick, 57, a former local officer on the California Highway Patrol and one of the most colorful and efficient members of that group some 20 years ago, died at his North Sacramento home Sunday. Funeral services were held yesterday at East Lawn and cremation followed.

At the same time he was stationed in Truckee with the CHP, Barrick was the only state officer in the area. He was both tough and kind and it was typical that he would issue a citation to a motorist for violating the chain control and then assist in putting on the chains.

Few hitchhikers in need were passed up by the patrolman. He never let them leave without a meal, a clean shirt or shoes, even through he had to solicit aid for them.

One of his outstanding achievements while here was the single handed capture of the Countess Spinelli gang, a notorious gang of murderers. Even with that gang, Barrick took them to a local cafe, purchased their dinner and sent them on their way with money for lodging, not knowing of their recent crimes| When he learned with whom he had been dealing, the officer set out for Reno in the middle of the night, rounded them up and alone brought them back to Truckee.

Barrick was a native of Colorado and had lived in Sacramento 11 years. He was a member of Truckee Lodge No. 22, F&AM.

Surviving are his wife, Gladys M., two daughters, Mrs. Patricia Giannini of Isleton and Mrs. Donna M. King of Sacramento and a brother, Donald E. Barrick.

Darby DeLisle Is Feted At 12th Birthday Party

A dinner and Donner Theater party were given by Mr. and Mrs. Ernest DeLisle in honor of their son, Darby, last Sunday, the occasion was the boy's 12th birthdate.

Invited to take part in the entertainment were John and Steve Besio, Kary Kielhofer, Susie Olano and sister Michelle.

IRENE GRANT DIES IN RENO HOSPITAL

Mrs. Irene M. Grant of Lake Tahoe died at a Reno hospital Saturday, at the age of 61. She owned and operated a motel at Kings Beach, but had been in the hospital since August 12.

Mrs. Grant was a native of San Jose, born December 21, 1895. She was the sister of Derrol Osterman and Ernest Osterman of San Jose.

SUNBEAMS

By WALTER M. BARRETT

A sales tax is one of the most equitable methods of raising public money that has been inaugurated and we have never opposed it in theory, but unless an equitable means of dispersing the fund can be shown, we stand firm against adoption of a sales tax ordinance for Nevada County. If the money raised through this tax by the county is used exclusively for county purposes, there could be little objection, but where select areas of the county are allowed to keep from 70 to 90 percent of the money they collect, and other areas are not so privileged, we can see no fairness in the plan. It looks from here as though the county, which has other methods of taxation, is simply adopting a sales tax to give assistance to two incorporated cities. To our knowledge, not one single taxpayer from the eastern end of the county has ever appeared before the board in protest against a basic county tax set by the board. We were satisfied that the board was doing everything possible to equalize taxes and provide equal distribution and paid without protest. If the county needs more money—and this may be possible—the board has only to advance the basic rates which is shared equally by all. They cannot, convince us that the need for additional tax money necessitates the infliction of a sales tax unless ALL the money collected is expended for county purposes. We feel the local supervisor made a mistake in permitting the issue to reach the point it has, but we are also convinced that he will, as chairman of the board, erase this mistake by working for death of the measure before it becomes a law.

CAROLINE STREET IS HONORED AT UCSBC

Caroline Diane Street, Brockway, a graduate of Tahoe-Truckee High School, was awarded honors at entrance by the University of California, Santa Barbarba College in recognition of superior scholastic achievement.

Now a freshman at UCSBC, the recipient was honored at a special reception and tea given by the committee on honors and scholarships and attended by university officials. A special lecture was also given in honor of the young scholars.

This new program of recognition of scholastic achievement was initiated throughout the University of California system this fall.

Presentations Feature Girl Scout Meet Here

The presentation of pins and badges highlighted the Tuesday meeting in the Veterans Hall of the Donner Girl Scout Troop.

Donna McReynolds received her three-year pin; Judy Giovannoni, her four-year pin and first aid proficiency badge; Ruth Parkhurst, her four-year pin; Linda Giovannoni, her first ai dbadge and Marcia Leamon, her one-year pin.

Kathleen York and Lynn Quartly were guests of the troop for the afternoon.

600 SOLDIERS MAY POLICE OLYMPICS

Robert L. King, the new boss of the 1960 Winter Olympics, said this week up to 600 soldiers will be used to help make the Squaw Valley games a success.

King at an introductory press conference said the defense department already has okehed supplying troops for such jobs as first aid, communications and course and avalanche control.

Bridge Played—

Mrs. C. B. White was hostess on Wednesday when a group of friends were asked to enjoy an afternoon of bridge.

Tiffanys At Stockton—

Mr. and Mrs. W. R. Tiffany have left Homewood again for Stockton. The couple have lived at the lake each summer for more than 50 years.

In Capital—

Mrs. William Meister has returned from a visit with her daughter at Sacramento.

Donner Museum Building Delayed Despite New Law

Work May Be Delayed To 1961, State Official Announces

Development of an interpretive center, or museum, at Donner State Park may have to wait until some time in 1961, even though money was appropriated for the project at the 1957 legislature.

That's the report of Earl Hansen, deputy chief of the state division of beaches and parks, to the Capitol News Service at Sacramento.

The legislature approved SB2264 by Senator Harold T. Johnson which provided $200,000 for the museum to portray the historic story of migration into California in the last century. However, be cause of language in an omnibus $7 million park and beach bill, also approved this year, it's not known if the money could be spent.

Hansen said the omnibus bill said the money could be "expended next after the 1956 appropria tion." The 1956 appropriation, some $40 million, was for a five-year program of acquisition.

"Right now, nobody knows," Hansen said. "As a result, we've asked for an attorney general's opinion as to whether the $200,000 for the Donner State Park project is bound by the omnibus bill language.

"Until we hear from the attorney general, we can't make a move," he said.

Even though there has been an attempt to accelerate the five-year plan, if spending of the $200,000 is delayed until after the 1956 money is spent, it still probably would be at least 1961, Hansen said.

SKI LESSONS WIL BE PROVIDED UNDER PLAN BY T. A. CLUB

Pat Andres, president of the Truckee Athletic Club announced that starting October 28 and every Monday night following, there will be classes conducted for all who are interested in learning the fundamentals of skiing.

This class will be open to young and old alike, skiers and non-skiers who are interested in bettering their skiing ability. The club feels that by having the ski school more people can learn to enjoy the sport of skiing, which brings hundreds of people to our slopes each year.

Jim Morhain, ski instructor at Donner Ski Ranch last winter, will be the instructor and classes will be held at the Tahoe-Truckee High School gymnasium at 7 p.m. All are invited to bring ski boots and skis and join in the fun, all for free.

ECONOMY OF STATE ON UPWARD TREND

SACRAMENTO — Robert C. Kirkwood, state controller, said today that 2780 special districts in California reflected the upward zoom of the state's economy during fiscal year 1955-56.

The special districts had a total income of $181,352,977; spent 154,711,466, and their tax income amounted to $84,590,065. They showed a combined general fund balance of $122,873,927 on June 30, 1956.

OLYMPIC WEEK IS SET FOR OCTOBER

Gov. Goodwin J. Knight has proclaimed the week of October 19-25 as "Olympic Week" and urged Californians to support the 1960 games which will be held in Rome and Squaw Valley.

President Eisenhower has proclaimed October 19 as "National Olympic Day" and various organizations plan drives to raise funds for athletes' expenses.

STUDY OF DISTRICTS IN STATE STARTED

A statewide survey aimed at posible standardization of the complex statutes governing special districts in California was launched today by a senate interim committee headed by Senator Harold T. Johnson, Roseville.

Johnson said his interim committee on study of districts, as a preliminary step, is mailing letters to all special districts seeking to determine any specific administrative problems they may have.

Wolverines Defeat Lovelock; Game Saturday Cancelled

(Bulletin)

Coach Stan Drakulich of the Tahoe Truckee High School today announced that the game scheduled with Winnemucca on Saturday has been cancelled as the result of illness which has swept the Nevada gridders.

Drakulich said efforts are being made to arrange another contest for Saturday, but nothing is ready for announcement.

by JOHN FIRPO

The Tahoe-Truckee Wolverines picked up their first conference win Saturday as they ran over the Lovelock Mustangs, 34-7. The win put the Wolverines with a 1-0 record in conference play and 2-3 in overall games at present.

Dean Holbrook, workhorse of the Wolverines, on the second play of the game went 52 yards for the TD. The conversion was good on a pall from Robinson to Cooper. Robinson wentover on a quarterback sneak, but it was called back because of an offside penalty. On the next play Holbrook took it around the end for the second score. Holbrook kicked the extra point and the Wolverines led 14-0 in the first quarter.

In the second quarter Kit Schull broke up a Mustang drive when he intercepted a Lovelock pass and ran it back to the visitor's 47. Holbrook picked up 20 yards on the next play, but it was nulified by an offside penalty. Then again Holbrook came through and ran 52 yards for the third TD. Holbrook also kicked the conversion, giving the home team a 21-0 lead at half time.

Craig Robinson was removed from the game by officials just before the end of the first half and Floyd Cooper was put in the QB spot. In the second half Cooper engineered the Wolverines to two touchdowns, one by Richard Decker from 11 yards out and a beautiful swivel hipped 19-yard TD run by Ken Osburn. Holbrook converted once and the score read 34-0 Wolverines. Lovelock was not to go without a score as they came through with a drive in the final period. The PAT was good and the game ended 34-7, Wolverines.

Coach Drakulich congratulated everyone on their fine spirited play. Many viewers stated that this team was the most inspirited Wolverine team they had ever seen.

Floyd Cooper played a fine game at the quarterback spot, making 76 yards in nine carries. He was also outstanding on defense, making tackles all over the field. Besides Holbrook and Cooper, Decker and Osburn played a fine game on offense. Donaldson, Schull and Williams played their usual fine game on defense. Coaches Rootes and Drakulich were greatly impressed by the Wolverine's fine spirited play and are looking forward to Winnemucca tomorrow night at Winnemucca. The Buckaroos recently lost to South Tahoe, 13-6. If the Wolverines should topple Winnemucca and the Manogue Miners it would be Tahoe-Truckee and Manogue for the Northern "A" Championship.

The Tahoe-Truckee JV Cubs dropped their second game of the season as they lost a 13-6 decision to the Quincy JV. The Cubs trailed 7-6 in the last quarter when they were on a drive that sputtered out and Quincy took over to score another TD and the game ended, 13-6, Quincy. Sam Medford played a fine game at halfback, as did Randy Shultz.

INSPECTORS, WIVES DANCE AT DONNER

A dinner and dance were held in Donner Lake Lodge Monday evening, attended by personnel of the California Agriculture Quarantine Inspection Station and their wives.

Present included to share the pleasant affair were Messrs. and Mesdames Jay Clark, Daven Morey, Al Cavallo, Darold McGihon, John Patterson, Chas. Kay, Robert Roth, Lester Braasch, Mrs. Frank Quilici and Byron Miller.

Franceschinis Parents Of Second Son Here

A second son arrived at Reno for Mr. and Mrs. Frank Franceschini on September 16. The little boy who weighed 6 pounds, 6 ounces at birth has been named William. Both mother and child are doing well and have returned to their home.

Two Are Held As Flagman Beaten Near Floriston Job

Local Loggers Held After One-Armed Man Is Badly Hurt

Ray Dyer, 24, and Gene Robert Brannon, 24, who have been employed in the logging industry here recently, were being held in jail on suspicion of felonious assault as the result of a near-fatal beating administered a 51-year-old, one-armed flagman near Floriston Saturday morning.

The victim of the alleged beating, Roy Grimm of Reno, is recovering after treatment in a Reno hospital where he was taken after he had been beaten to the ground and kicked in the face.

Deputy Sheriff Ralph Ayala and State Patrolman Carroll Maynard were called to the scene by James Hunt, division of highways engineer, who apparently witnessed the affair.

Dyer, Ayala said, told him that he and Brannon pulled to one side of the road and that the flagman came up to question them and then started to take down the car's license number. Dyer said that when he protested, the flagman struck him with a flashlight. The fight ensued.

Dyer and Brannon, according to the officer, then turned around and started back toward Truckee but changed their direction and started through the control where the new highway is under construction.

The car was stopped at Verdi by Nevada officers who had been notified and both agreed to return to Truckee.

Grimm is the father of four children.

Deer Hunt To End; Fewer Are Killed

With the 1957 deer season due to close Sunday night, the department of fish and game today estimated the final returns will show the hunters' bag will just about hit the average for the last five years.

Deer tag returns at the midway point are holding to, and in many counties, exceeding the five-year average.

Through the 27th day of the inland season hunters had bagged a total of 24,746 bucks—only 1,355 less than the same time last year and only 2,261 under the five-year average for the period, the department reported.

Nevada County had produced 651 bucks, whereas last year up to now it had 546. The five-year average is 889.

El Dorado County reports hunters took 701 bucks so far. Last year they bagged 697 and the average is 898.

Sierra County is down to 510 this year compared to last year's 523 and the five-year average of 685.

In Placer County the kill was down to 379, compared to 471 last year and an average of 507.

FREE TRAINS WILL BE GIVEN AT MATINEES

Jack Neugebauer, manager of the Donner Theater announced this week that starting Saturday at 1 p.m. a matinee will be held each Saturday afternoon during which an electric train will be presented to a lucky boy or girl. Tickets are given free at a number of stores here and at North Tahoe to anyone asking for them.

The show Saturday at 1 o'clock is "Hangman's Knot," starring Randolph Scott. There will also be cartoons.

FIRST AID CLASSES WILL START SOON

Under the instructorship of Coach Stan Drakulich, a series of 18 Red Cross first aid lessons will be given to the high school bus drivers, and others in the community desiring same.

These lessons will be given on Monday and Wednesday evenings, Monday and Wednesday evenings in the high school gymnasium, starting October 28 between the hours of 7:30 and 9:30. Any questions may be referred to Harry Eaton, head bus driver and chairman of the first aid committee.

VANDALS WARNED OF HALLOWEEN PLAN

Constable N. F. Dolley and Deputy Sheriff Roy Waters today announced that all officers in the area will cooperate in enforcing the county's curfew ordinance on Halloween and that vandals will be arrested.

At the same time the officers warned all home owners to be sure to keep ramovable articles, such as garbage cans, stored out of the way of the goblins and witches expected to be on the prowl during the holiday.

"It is not our intention to be tough," the constable declared, "but vandalism and curfew violations will not be tolerated."

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO (CNS) — California's rapid expansion in population has, as everyone knows. brought with it some problems, and not all of these are the immediate problems of lack of school space, crowded highways, and heavy inroads upon the state's water supply.

One of the less publicized problems is that of the change of some of this state's rich farm lands to urban and industrial property, and the attendant confusion that results, both for society as a whole, and for the individuals who own the land.

A senate interim committee headed by Senator John A. Murdy of Orange County is delving into the situation, and information already presented to the committee indicates that by the year 2020, the population of the state will be 45 million people, with 90 percent of the state's cultivtable land urbanized, and 30 percent of this had occurred since 1942. The survey indicates that for each 1000 growth in population, some 250 acres of farm land are absorbed. And the pace is quickening, as the population expands.

Conceivably, then, within a period of time, there could be no more farm land in California, except that acreage which is not desirable for intensive farming, nor for urban use either. In one county alone, the survey estimates that all cultivable lands in Santa Clara County will be urbanized within the next 10 to 15 years.

With this change in the state's picture,a change which at the present time seems unavoidable and likely to progress whether anyone likes it or not, the problem arises to plague legislators as to how the cities and counties of the state will be able to finance the increased services they will be forced to give to the new population.

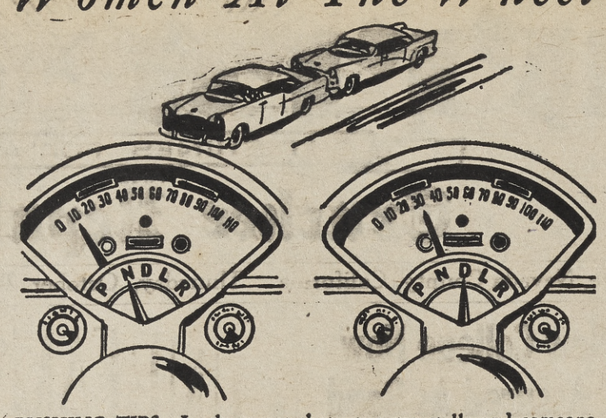
The change from rural to urban, of course, requires greater expenditure on the part of whatever local government may have the urbanized area under its supervision. Some counties have solved the problem, partially, at least, by assessing the prospective urbanized land at urban figures. Yet these lands may still be being farmed, and the individual who owns them may not want to give up his farm. On the other hand, the individual can't afford through farming to pay the kind of taxes that are assessed. In consequence, the change has the effect of forcing farmers to sell for urbanization purposes and move elsewhere.

Thus, one of the fundamental problems associated wit hthe urbanization of agricultural lands is the continuing increase in value of rural lands for uses other than agriculture. This results in the elimination of agricultural land to an extent which may not be justified on the basis of long-range economic values, and with serious short-range dislocations to agriculture.

The problem posed is one of grave import, and the question would appear to be whether assessors are going to continue the dislocations and force the individual to sell his property whether he wants to sell or not.

Meanwhile, some extensive studying must be done in an attempt to revise California's archaic forms of local government, which were developed for the horse and buggy days, and not for the modern days or super-speedways.

Women At The Wheel



PUSHING TIPS—In the event that your car stalls and someone volunteers to push you, the California State Automobile Association suggests these two tips: 1) If the car has a conventional transmission, keep ignition on, place gear shift in the "high" position and allow the car to gain some speed before releasing the clutch. 2) With automatic transmission, be sure to consult owner's manual, which comes with the car, for instructions on how to have the car pushed for starting.These instructions should be carefully followed.

PLANTEEN SEEKING HIGH STATE POST

SACRAMENTO (CNS)—Ralph R. Planteen, Sacramento attorney, former deputy attorney general and former deputy director of the state department of employment, announced he will be a candidate for the office of attorney general in the June 1958 primaries, on the Republican ticket.

Planteen is a native of Minnesota, resided in Los Angeles, Long Beach and Glendale for over 16 years, and has been a resident of Sacramento since 1936. He was educated at the University of Minnesota, Southwestern University at Los Angeles, and the Cumberland University in Tennessee.

In the Superior Court of the State of California In and For the County of Nevada
NOTICE TO CREDITORS

In the Matter of the Estate of GUILIO SGANDURRA, Deceased.
No. 5835

NOTICE IS HEREBY GIVEN by the undersigned Theodore A. Kohler, Jr., as administrator of the estate of Guilio Sgandurra, deceased, to the Creditors of and all persons having claims against the said decedent to file them with the necessary vouchers within six months after the first publication of this notice in the office of the Clerk of the Superior Court of the State of California, in and for the County of Nevada, or to exhibit them with the necessary vouchers within six months after the first publication of this notice to the said administrator at the law office of Wm. J. Cassettari, 123 East Bank Street, Grass Valley, California, the same being the place of business in all matters connected with the estate of said Guilio Sgandurra, Deceased.

Dated October 18, 1957.
Theodore A. Kohler, Jr., Administrator of the Estate of Guilio Sgandurra, Deceased.
Wm. J. Cassettari, Attorney for Administrator.
First Publication Oct. 24, 1957.

NOTICE TO RECLASSIFY PROPERTY IN ZONE DISTRICT AREA UNIT NUMBER 6, LAKE TAHOE

Notice is hereby given by the Placer County Planning Commission that two public hearings will be held by said Planning Commission on Friday, November 8, 1957 and Friday, November 22, 1957 at the Courthouse, Auburn, Placer County, California, at the hour of 2:00 P. M. to consider the petition heretofore filed by Francis and Isabelle E. Torsak for the reclassification of the hereinafter described lands from residential to multiple dwelling:

Lot No. 1 in Block A as shown on maps entitled Tahoe Vista Subdivision No. 1, in Zone District Area Unit Number 6.

At said hearings all persons in favor of the granting of said petition and all persons opposed thereto may be heard.

Dated: October 18, 1957.
HARRY STUBLEY, Secretary Placer County Planning Commission.
NANCY CAPERON, Clerk of said Commission.
Publish: Oct. 24 and Nov. 7, 1957

St. Brigid's Church in San Francisco was constructed of slabs of hewn granite that served as pedestrian corssings in the days of cobblestone streets.

The northern position of the state accounts for about 60 percent of the land area of California.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Weather

Sunday morning, quite cool 32 degrees; about one inch of snow left over from last night but it doesn't look as though it will last long—just kinda slushy. We still hope it will clear and become Indian summer again, as it has been beautiful the past week.

Businessmens' Meeting

Maxine Polzen, secretary of the North Tahoe Businessmens' Association, tells of a meeting to be held at the Buckhorn Inn, Kings Beach, on Sunday night at 8 p.m. You are especially invited to attend this important meet whether you are a member or not. Don't forget that is Sunday night.

Back Home

Mr. and Mrs. Walter Speeter have spent a wonderful trip for three weeks traveling through many states, some of which were Texas, Lousiana, Arkansas, Missouri, and by all accounts they had a wonderful time.

Belated Honeymoon

Grant and Wanda Lowry spent a belated honeymoon, most of it in Los Angeles where they stayed for a week, then a day or so in other interesting spots. Grant says there was no smog and the weather was just grand.

Halloween

This Saturday night is the one we have been looking for. It's the V.F.W. Halloween party at the Crystal Bay Club. See the ad in this issue. The free buffet will be served at 11 p.m. and there will be lots of fun before and after the buffet. So be on hand for the time of your life. Dance to the wee small hours, too.

Sickness

Very sorry to hear that Jude Cagle suffered a stroke during the past week. Charlie reports that his brother was able to talk some and it is hoped that his illness will not be severe.

On Board

Davey Ashton says tell my friends where I am so that I might get aline from them, or send me the Sierra Sun, then I can get all the news. He was at Yokosuka aboard the Kearsarge, a carrier. His address is: Davey Ashton, S.A. 472-91-70, U.S.S. Kearsarge, C.V.A., 33 1st Div., San Francisco Fleet P.O., San Francisco. He says he gets lots to eat but is still a swabbie. Drop him a line, huh?

Hunting

Bud Rasska and Ned Malla have been in Colorado for the past week. Hunting is pretty good and they are allowed four deer so we should be well fed for a while. Others were Tom and Noel Hulbert, Al Sanger and Eugene Seossa. On Friday Mrs. Rabska and the two boys, and Grace Hulbert and her three boys will also leave for Colorado to catch up on their husbands.

Lions

The Lake Tahoe Lions Club had a big meeting last Tuesday at Crystal Bay Club. Don Stumbo of the North Tahoe Rental and Real Estate Co. was inducted into the club. Before the meeting a premeet was held by the Clarke Powells at the Edgelake Beach Resort for the men, while the ladies met at the Ashton Resort.

Birthday

I understand that our friend, Elmer Morrish, of the North Shore Hardware Co., celebrated his birthday at his home last Saturday evening, and it was done in great style. The cocktail party and buffet was exquisite. Around 30 friends joined in the celebration.

Convention Bound

Vera Woods, postmaster of Crystal Bay, is leaving for Los Angeles this weekend as a delegate to the postmasters' convention. Carol Howard, our Kings Beach P.M., will not go as she is holding the fort while her husband, Gene, and daughter, Francis, are visiting Gene's parents in Maine. By all accounts neither one are too anxious to leave. So, I think, by lots of excuses Carol has consented to let them stay for an extra week, although she misses them. The parents were here a few years ago and are looking forward to coming back for a while in the near future.

Baseball

Jackie Jensen of baseball fame is back at Crystal Bay after a big summer. The two children are attending the elementary school at Kings Beach. A week ago he was the speaker at the Brockway Rotary Club and gave a very interesting report on the season's activities.

The Maple Leaf

Mr. and Mrs. C. W. Brodeur, mother and dad of Mrs. Newell and Mrs. Bergman, were visitors recently. They are presently living at Hayward. Years ago they lived in Winnipeg, Canada, and were friendly with many friends of ours there.

New Home

Ray and Mrs. Bergman have been vacationing at Las Vegas for the past week. I hear, too, that they are building a nice home at the top of the Brockway Hill. It's a wonderful location, overlooking the lake.

Back From Trip

Mr. and Mrs. H. E. McCoskey of the Crystal Bay Club have returned from a visit to Monterey, where Mac tells me they did nothing else but eat and play golf. Altogether a wonderful trip.

Fire

A fire at the Ford home on the Truckee shortcut last Friday caused a break-up of a party of friends. The alarm went in as the Ford house above the fire station, it was, of course,misleading as the department went to the fourth from the fire station and found no fire until it was explained that it was the Ford home a half mile up the shortcut. Extensive damage was done to the house and the fire caused quite a problem to the firemen. This proves how essential it is to give proper directions when calling the department. However, the occupants had to move out bag and baggage, and landed at the North Tahoe Realty office in Tahoe Vista and had to make home there for a day or so. The folks at the Ford home were Mike and Mrs. Plevel of Pasadena and their guests, Mr. and Mrs. Russell Smith, and Mrs. Macey. Anyway, it ended well as I never saw such a happy group. Mr. and Mrs. Don Stumbo of the realty sure did a good deed in inviting the group. The Plevels are to be all-year residents at Kings Beach.

Deer

Two deer for the locals over the weekend. Shorty Astel got a nice one Saturday and on Sunday E. L. Cassidy got a beauty over on the meadows on Martis. Astel's was under 100 pounds and Cassidy's was about 140 pounds.

Moved

I hear that Doris McRae of the Crystal Bay Club, has moved in the front cottage at the Ashton apartments. She is very happy to be right in town.

Tahoe Items

Going south to Gardena for the winter, Mr. and Mrs. William Haste are bidding their Tahoma friends goodbye.

The George Kehlet family of Meeks Bay will spend the winter at their Palm Beach home.

Doris Arndt of Kings Beach wrote that she will spend some time in Sacramento.

The J. H. Stephens address of Kings Beach will go to Petaluma for an indefinite stay.

Mrs. May E. Steele has written that she has left Tahoma for Sacramento.

Wintering at Tucson, Ariz., are the M. F. Pikes, leaving Brockway until spring.

SUIT FOR LAND WILL NOT DELAY GAMES

SACRAMENTO (CNS) — Court action to force Wayne Poulsen, of the Squaw Valley Land and Livestock Co., to sell 32 acres of land to the state will not hold up construction for the 1960 Winter Olympic Games, John H. Peirce, state director of finance, said today.

Peirce said negotiations with Poulsen for the 32 acres, which the state needs to construct utilities and other facilities for the games, has "fallen through completely." The matter has been turned over to the attorney general for condemnation proceedings.

Tahoe-Truckee School District News

TAHOE LAKE NEWS

Kindergarten, First, Second and Third Grades: Different children have been bringing a box of graham crackers to share with the class at milk time. This week Mike Shevlin's mother baked some good peanut butter cookies for our class.

Twelve kindergarteners have started school bank accounts.

Second and Third Grade News: Second and third grades are learning to use cursive writing. Tommy Easterly made the greatest improvement in the past two weeks.

The class is planning an Indian dance for the PTA.

The boys had a ball game and Dick Pomin's team won, 10 to 0.

In the second grade, Jim Caulkett, Mike Dempsey, Erik Henrikson, Mike Burmer, Jerri Dees and John Spitsen had star printng papers. The second grade is also decorating their room for Halloween and are learning a new song called "Boo."

In the first grade, Calvin Bechdolt, Heidi Algar, Shirley Gratner, Shirley Stark and Cheryl Bechdolt had star papers in numbers.

KINGS BEACH SCHOOL

Kindergarten and First: The first grade successfully completed writing their numbers from 1-10.

There has been quite a change in the kindergarten this week. Jo Burris returned from Long Beach and Milanie Paradise enrolled from Tahoe City. Those who left our room are Barry Smith, Ernie John and Barbie Hall.

First and Second: Three second graders joined our class this week. They are Eva Eckenboy, Georgia Burris and Michael Dapp. There are 37 pupils in our room.

Third and Fourth: Sheri Paradise is the new girl in our room.

Fifth and Sixth: Mrs. June Hampton has been substituting this week. We are happy to have Mr. Mack back. All week he has been working in his office.

Our class is learning the Mexican Hat Dance in correlation with our social studies unit.

TRUCKEE ELEMENTARY

Kindergarten: Kathy Goicoa became a five-year-old last week and had the honor of the first birthday party in our group.

We have given one of our shelves to Byron Johnson for his interesting rock collection. The other boys are now helping him add to it.

First Grade News: We would like to welcome three new students to our group. They are Roxanne Wright, Karen Reid and Raymond Peterson.

The following students have made the outstanding progress in reading: Paul Carpenter, David Goldsmith, Steve Maynard, Jonathan McLane, Monte Neugebauer, Sandra Davies, Sandra Ferdinand, Terry Higgins, Yvonne Johnson and Lorene McCarroll. Our new reading book is "We Work and Play."

Third Grade: Our star spellers this week are: Jack Mekugin, Bill Waters, John Collier, Gail Englehart, Ronnie Walker, Gary Waters, Donna Jennings, Mary Ann Moore, Danny Joe Farley, Cathy Braley, Heidi Ever, Kathy Braasch, Michael Gehrke, Bruce King, Tim McLane, Wayne Mosby, Dennis Richards, John Goldsmith, Edward Johnson, Daimon Casmey, Ken Hensley, Cherly Rockholm, Rhonada Manley and Danny Whiteneck.

Our class is learning about the solar system. Through movies, newspapers, and discussions, we are learning to compare the sun, moon and planets.

Fourth Grade: The girls of the fourth grade seem to have the boys on the run in their daily game of baseball.

In subject matter the 21 perfect papers in spelling is the outstanding achievement of the week.

Joyce Randall's clever cartoon on health and Ricky Ralph's talk on space and satellites were the two individual contributions of note. Wonder why the dainty ladies of the class now surround the quartet of Besio, Straub, Digesti and Nelson?

Some very interesting creative work in literature was accomplished by Betty Saarni? Champion "Gumchewer of the Week" was the prize awarded to Fosten Wilson. Laugh of the week: Julie Knoff and the two mischievous grandchildren of M. Snow and W. McClellan, making preparation for the plane trip (imaginary) from Truckee to San Francisco.

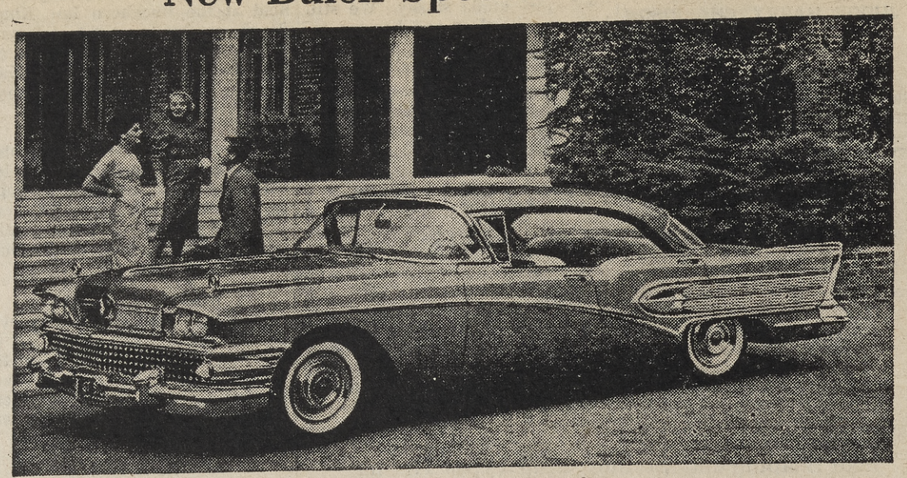
Fifth Grade: The soft ball teams were reorganized. Those on team one are Mike Harris, Eddie King, Gary Jensen, Jimmy Roth, Steve Davis, Dennis Stumbaugh, David Saroni, Dennis Douglas, Wade Mosby, Marcia Leamon, Judy McGwinn with Greg York as captain. Those on team two are Tod Bedrosian, Daryl Breakfield, David Fordham, Danny Garcia, Michael Ingalls, Tony Kenyon, Ramsay Mitchell, Skippy Peterson, Garry Sturcke, Kenneth Taylor, David Watt and Richard Gray as captain.

Sixth Grade: The procedure in spelling has been changed in our classroom. Instead of having two test a week one trial test on Wednesday and a final test on Friday, we are having just one on Thursday. Last week 57 percent of the class had perfect papers.

FALL AT TAHOE

TAHOE CITY—Fall weather has prevailed at Tahoe City during the past week and a half inch of snow fell there Sunday and Monday. .27 of an inch if rain was recorded. Temperatures have varied from a cool 30 to 59 degrees. With 300 csf of water leaving the gates, the lake level Monday was 6227.44 feet, Art Frodenberg, cooperative observer, reported.

New Buick Special for 1958



THE BOLD LINES OF BUICK'S 1958 styling are exemplified in the luxury and beauty of the Buick Special, the big volume seller in the Buick line. Dual headlights and a dazzling new grille add breadth and lowness to the front end design. The Special, which is mounted on a 122-inch wheelbase, boasts new and bigger brakes, and exquisite new interiors that complement the glamorous exterior colors. The new miracle air ride and either variable pitch or the revolutionary flight pitch Dynaflow are optional equipment on the Special series which comes in seven models.

PATRICK O'GRADY, CAROL ODLAND WED

TAHOE CITY—Patrick O'Grady claimed Carol Ann Odland as his bride at impressive services at the Corpus Christi Catholic Church here Saturday afternoon. Father Patrick J. O'Neill officiated.

Following the rites a reception was held at Bacchi's Inn in Lake Forest where Mr. and Mrs. William Hunter acted as hosts.

The bride wore a white lace, ballerina length dress and was preceded down the aisle by Mrs. Hunter who was gowned in blue lace.

O'Grady is with the Pacific Telephone and Telegraph Company here and met his wife this summer where she worked at Bacchi's Inn. He was born and attended school in New York City from where his mother, Mrs. John O'Grady, and his brother, James, flew to attend the wedding.

The bride is the daughter of Mr. and Mrs. Edward L. Odland of Concord. She was born and attended school in Petaluma. Her sister, Mrs. Robert Salon, also of Concord, drove up with the parents to be present.

The couple will make their home in Tahoe City for the present.

A legislative act of 1895 creating a bureau of highways marked the beginning of California's highway improvement program.

LOCAL BOY VISITS HONG KONG IN NAVY

HONG KONG, B.C.C.—David A. Cook, fire control technician third class, son of Mr. and Mrs. A. B. Cook of Truckee, and husband of the former Miss Lillian Wright of Bryte, aboard the destroyer escort USS Walker, visited Hong Kong, October 2 when the U.S. Seventh Fleet vessel halted anti-submarine operations for a rest and recreational stop for her crew.

The Walker, a Pearl Harbor based destroyer, left Hawaii in August with large leis of flowers draped over her bow and stern as she headed towaard Far Eastern waters.

Besides Honk Kong, the Walker has visited Kobe and Yokosuka, Japan, thus far during her five-month tour of duty.

REVOLUTIONARY NEW "SHOCK-ABSORBER"

GIVES EXTRA PROTECTION TO FRAGILE FREIGHT

Careful handling of freight has always been a prime concern of Southern Pacific. Four years ago we asked Stanford Research Institute to help us develop an even better way to cushion boxcar shipments of fragile freight. The result is something we're proud to report.

It is the Hydra-Cushion Underframe freight car, which employs a unique sliding underframe with a hydraulic pressure device to give *extra* cushioning to fragile shipments while cars are being coupled or are in transit.

350 Cars. We built 350 of these cars—and added "DF" (damage-free) interior loading equipment and roller bearings for good measure—to assure extra protection to shipments of television receivers, bottled goods, glassware, ceramic tile and numerous other fragile products.

The Hydra-Cushion Underframe freight car is an example, we think, of how Southern Pacific uses modern research in our continuing effort to give the finest freight service.

COMMITTEE PROBES BUS SMOKING RULE

SACRAMENTO —(CNS) —The recent smoking ban on passenger buses in California, ordered by the public utilities commission, has been set as a special item on the agenda of a senate interim committee, meeting November 25 and 26.

Senator George Miller, Jr., said the new item was placed on the agenda after the PUC issued the anti-smoking order despite unanimous opposition of bus companies and testimony that at least 75 per cent of the adult passengers smoke.

"Such an order would seem to discriminate against the working man who must ride the bus to and from work," Miller said, "while those who can afford trains and planes are not harassed by such arbitrary government regulation.

"The question in my mind," he said, "is where does the public utilities commission, which has a basic function of protecting the public in the matter of rates and safety, get the authority to meddle with people's personal habits. And as a member of the senate finance committee, I would also like to know where they find the time and staff to concern themselves with matters which are so far afield from their basic responsibil ities."

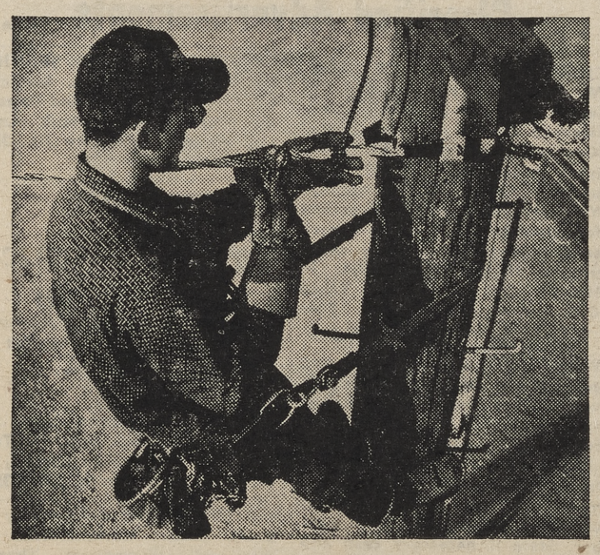
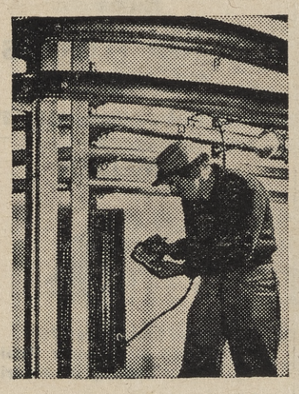
Telephone LU 7-3067

WHAT'S DOING



The way things are growing around here, we're plenty busy putting in more phones. So, we keep on the lookout for time-savers. Like the little "watchcase" this telephone man's working with. This case connects the wire from a house to certain types of telephone cables outdoors. Makes the job a whole lot simpler. The case has a clamp on the back. So you can put it where you want it in a jiffy. Inside, it has a couple of tiny posts. You tie your wires around them. Then, snap on the top—and the job's done. Takes about 5 minutes. Time-savers like this help us bring more service to more people. In less time, too.

* * * * *



When you hear air hissing out of an auto tire, first thing you do is find the leak and have it fixed. Same thing goes for some telephone cables. They've got compressed air in them. The pressure keeps out moisture. And believe me, we keep close tabs on this pressure, too. When air starts to escape, instruments let us know right away. They tell us just about where the leak is, too. That way we can patch it up before it affects your phone calls.

* * * * *

This young lady's got sun power—for her radio. That's a commercial solar battery in her hands which converts sunlight into electricity. The solar battery was invented by Bell Telephone Laboratories. Already, radio people are making solar batteries to power portable radios. And telephone people have been experimenting with solar energy as a possible future source of power for your phone calls. **Pacific Telephone**

New Liquor Deal Will Have First Customer With Southern Concern

SACRAMENTO — (CNS) —Mike Lyman's Flight Deck, the cocktail lounge at the International Airport in Los Angeles, will be the first licensee to make a cash payment to the state in lieu of a license suspension because of violation of state liquor laws, the Capitol News Service has learned.

Russell S. Munro, state director of alcoholic beverage control, said the department was prepared to accept a $2,000 "offer in compromise" from the establishment, in lieu of a five-day license suspension for selling liquor to a minor.

Under the new law, which took effect in September, licensees with minor infractions are permitted to make offers amounting to 20 per cent of their gross business during the term of the suspension. Such offers must be at least $250 but not more than $2,000. A licensee may not make such an offer unless the suspension ordered by the department is for 30 days or less and unless there were no previous violations within the past 18 months.

Munro sair the airport case was a "classic case—it fits every element of the new law."

"In the first place, the offer in compromise must meet public convenience and necessity," Munro said, "and thousands of people use the bar. There's no other bar within miles. In the second place, public morals must not be impaired. The Flight Deck, with no previous violations, has been the highest type of operation."

Munro said the department had received 33 requests for offiers in compromise. Nine were declined at once as they did not qualify and the others are under consideration, he said.

HIGHWAY 40 WILL RETAIN IDENTITY IN NEW ROAD LISTING

Historic US Highways 40 and 99 in California will retain these numbers despite a change in national highway markers approved recently by the American Association of state highway officials.

State Highway Engineer George T. McCoy said where the new federal designation is employed in this state it will coincide with but not replace the present familiar names.

The 1956 congressional action which established an increased federal financial support to provide a nationwide network of interstate roads prompted the numbering switch.

To provide convenience the interstate routes will be numbered with no more than two digits. The number of Highway 40 will be Interstate Highway 80 and Highway 99 will be Interstate 5.

Wherever a new section of highway is built away from the present location, McCoy added, the new part will carry the interstate number.

State's General Fund Is Up 5 Per Cent This Year

SACRAMENTO — California's general fund had cash revenues of $247,488,068 during the first three months of the 1957-58 fiscal year, up 5.08 percent over the same period last year, State Contoller Robert C. Kirkwod said.

Largely because of an accelerated rate of school district apportionments under a new 1957 law, cash expenditures amounted to $282,-167,136 for the same period, an increase of 27.2 percent over last year, Kirkwood said.

Although the current increase will be offset to a large extent by reduced apportionments later in the year, there will be an approximately $37,000,000 increase in school apportionments throughout the current fiscal year.

STATE TREASURER WILL AID KNIGHT

SACRAMENTO — (CNS) —State Treasurer Ronald Button has announced he will support Governor Goodwin J. Knight in his bid for the Republican gubernatorial nomination next year—thus becoming the first elected state official to take sides in the primary battle.

Button also enjoys the distinction of being the first candidate to receive the endorsement of the California Republican Assembly.

"My observation since entering state service last November is that the governor has conducted the affairs of state government soundly and efficiently," Button said.

TRUCKEE BIBLE CHURCH

Study in the Book of Jonah was completed last Sunday evening; the evening service will be discontinued for the winter months in favor of a men's Bible class which will begin in the ensuing weeks and will be held in the different homes.

Next Sunday, October 27, several cars will be attending the missionary conference in Reno at the Calvary Baptist Church for the afternoon and evening services. Missionaries from Chile, Japan, British West Indies and L. A. Hebrew Mission will be telling of their work, displaying curios and dress in national costumes.

Teen-time met last Friday and elected the following officers: Bob Williams, president; Allen Young, vice-president; Debbie Bradley, secretary; Karen Grahn, treasurer and Ginny Fudge, songleader. An offering was taken to be given to a particular mission field. The young people will vote to decide which field they want to support with their gifts. Several fields of missionary work will be presented.

The young people look forward to a rally of all youth of fundamental churches in this section of California and Nevada on November 29 at Susanville.

How Standard "beefs up" cattle to help meet the West's growing food needs
Progress in the West means . . .
Producing 575,000 more tons of beef by 1967 to supply our† growing population
1,000,000 tons
1957
1,575,000 tons
1967
†7 Western States

New Standard plant foods have produced twice as much beef from a single acre—enough extra beef to supply an average person for a solid year.

Who eats the most meat in the U.S.? You do—surveys show Westerners top the nation in meat consumption. Now Standard helps ranchers satisfy that hearty appetite with chemically blended plant foods,* so economical they can be used to turn unproductive foothills into profitable pasture-land.

These new blends of essential plant-growth elements come from a $16 million Standard plant opened just a year ago. Grasslands they have enriched are now producing up to *twice as much* beef per acre. Farmers find them equally productive on many other crops. For you they promise tastier, more nutritious meals for every dollar you spend on food.

*ORTHO PLANT FOODS are made and sold by Standard's wholly owned subsidiary California Spray-Chemical Corporation.

STANDARD OIL COMPANY OF CALIFORNIA

plans ahead to serve you better

NEWS NOTES FROM TAHOE

By Naomi McLane

Tahoe City, Box, 711. Juniper 3-3187

Angry Day

An angry day again. White caps on the water and somber mountains in Nevada.

Wedding Details

It was a busy week for Carol Ann Orland of Bacchi's Inn culminating in her becoming Mrs. Patrick O'Grady as you will read elsewhere in the Sierra Sun. The wedding was lovely. O'Grady's mother, Mrs. John, flew from New York with another son, James, to be present at the service. Carol's parents, Mr. and Mrs. Edward L. Orland, and her sister, Mrs. Robert Salon, motored up together from Concord. Mrs. William Hunter who looks upon Carol as one of her girls attended the bride and was also hostess of the wonderful reception held afterward at Bacchi's Inn. On Wednesday Carol was completely surprised by a shower at the home of Mrs. Ernest LePire in Lake Forest. Helping Mrs. LePire as hostesses were Sara Hunter and Ruth Lee. Other guests at the luncheon-shower were Wilma Korich, Irene Grahn, Florence Klitzke, Ginnie Parsons, Berenice Giannini, Martha Snyder, Carol Marvin, Joanne Ruhkala, and Linda Austin.

Birthdays

It has been a week of birthdays for the Bechdolt family. Carl Senior comes first (obviously) with October 15 as his date. Bernie and Jimmie share October 16 and Bill comes along on the 18th. Young Mike should be mentioned although his birthday is not until October 30.

Party Held

Another October birthday was celebrated Sunday with a little party for Leslie McBride who turned five years old that day. Besides her sisters, Sharon and Diane, her neighbors, Jerry, Janet, Carl-Brad and Scott Jorgensen helped her consume the traditional ice cream and cake. Mr. and Mrs. Herbert Maricle, Betty Jorgensen's parents from Oakland who are visiting here for several days, also attended the birthday feast.

Rotary Masquerade

The big event of the weekend was, of course, the Rotary Club's masquerade. Neighbors and friends had great fun identifying one another and being completely fooled in many cases. Harry Johanson's wonderful accent turned most Russian in his portrayal of a Roosian madame. Charles Cross, Jr., was a rube straight from the sticks. While C. W. Cernon was a blackbearded country gentleman, Mrs. Vernon was the Queen of Hearts. Gay 90's Belle Maryanne Conners seemed to have picked up a tramp from somewhere in the person of her husband, Bill. Senor Martin Spitsen and everybody else were devastated by Senora Barbara's eyelashes. Ernie LePire ughed after his wife, an Indian princess, in fine cigarstore Indian style. Pete Vanni, villaneous vaquero, accompanied his wife, Cleopatra Pat. Reports as to what Don Snyder represented vary, but all agree he wore swimming trunks. His wife, Martha, was a charming study in black and white. Steve Korich was a clown. Lorene Dunne, a hula dancer, came with a beautiful dame who turned ou to be her husband, Ken. Matching rag dolls were Les and Joyce Spitsen and two angels, one of them the littlest of all, were there in person: Mr. and Mrs. Bob Jorgensen. June Grinstead balanced the latter in her red devil outfit. Theda Bara and Charlie Chaplin were both present in the persons of Berenice Giannini and Carol Marvin. Their husbands joined the Marx brothers, Ken as Groucho and Rik as Harpo. Lillian Farr orbited about as Sputnik and Hal lurked here and there behind his deathhead's mask. This list names only a few of many, many outstanding costumes and the committee to decide were hard put to it to choose which were worthy of a prize. Finally the decision gave honors to Ronald Grinstead, a delightful clown, and to Mrs. Fern Schleuter, a most devilish red devil. Live music was furnished by the North Shore Orchestra, the Tahoe Trio.

Meet At Bacchi's

Rotary will continue its regular meetings at Bacchi's Inn in Lake Forest while the Tahoe Inn is closed for the next month or six weeks. Tuesday nights remain the meeting time. Thirty-one Rotarians were present at the last meeting at which Martin Spitsen, vice-president, presided in the absence of President Warren Porter.

Youth Honored

Douglas Wilson, a graduate this spring from Tahoe-Truckee High, was elected vice-president of his class of six hundred freshmen at Sacramento State this last week.

Meets Friends

Mrs. James Silverman (nee Wilson), reports that she is meeting several former classmates at San Francisco State or in the city. Jean Holmes is also in her senior year there taking up psychotherapy. Jean Rood Dickow, formerly of Kings Beach, just had a baby boy this October. Carol, herself, and her husband, Jim, are in dental work in the college.

Deer Hunt

Bob Stocksdale and Milt Neely were up from Berkeley this week combining visiting with deer hunting.

Foul Luck

The Chris Burmers are still not having one of their best years. As you know, Lee had a series of hospital stays and an operation and their son, Gary, has had serious trouble with his arm. He is now staying in Reno to have regular physio-therapeutic treatment. Now Chris himself tangled Wednesday with an electric drill cutting his finger very badly. He says the drill "just took after him." Let us hope this is the end of mishaps for the Burmer family.

Bout With Flu

Danny Sprague returned to school this Monday after a bad bout with the flu bug.

Builds Addition

Ken Steddom is at work building a small addition to the Charles Neilsen home at the division of state highways. It will make a third bedroom for the house.

Reports On Meet

At a fire commissioner's meeting on October 17, Fire Chief Al Henry reported on his meeting with other delegates to the Northern California Fire Chief's convention held recently in Sacramento. Henry said delegates there looked upon abandoned gas storage tanks as an explosion hazard and recommended that all abandoned tanks be cut open and filled with sand. It was pointed out that Tahoe City has at least four such abandoned gas tanks. Henry said that from his experience with a welding torch there is aways enough gas to cause an explosion no matter how long a tank has been empty. The commissioners agreed to study the problem individually and will report their findings for study and action next meeting.

Prepare For Winter

A busy group of people worked all day Saturday at St. Nicholas Hall getting things ready for winter services there. Mrs. Harry Bryan was in charge of the potluck luncheon and in getting work organized. Mrs. Jay Shontz and her son, Bob, and Carl Olander were busy with drawings for the stained glass windows. Mrs. Virginia Morrow and Bill Cannon worked out the carpentry details for the windows and Mrs. Ollie Henrikson, Mrs. Bill Cannon, and Mrs. Jean Calhoun worked on sewing and the hanging of the curtain to hang behind the altar. Mrs. Jeanette Mitchell was active in the kitchen and others were in and out all day. W. J. Urch got temporary winter plumbing set up and as reported last week, the furnace is in. Several children helped now and again as they could.

Back From Bay Area

Mrs. Howard Guth has just returned from San Francisco where she spent a week vacationing and shopping.

Still In Hospital

Della Goss is still in the Tahoe Forest Hospital and thanks her good friends who remember her with their cards and greeting.

NOTICE TO RECLASSIFY PROPERTY IN ZONE DISTRICT AREA UNIT NUMBER 4, LAKE TAHOE

Notice is hereby given by the Placer County Planning Commission that two public hearings will be held by said Planning Commission on Friday, November 8, 1957 and Friday, November 22, 1957 at the Courthouse, Auburn, Placer County, California, at the hour of 11:00 A. M. to consider the petition heretofore filed by Ray Towers and Thomas F. Joyce, Jr., for the reclassification of the hereinafter described lands from one and two family dwellings to commercial:

A portion of Section 7 T15N, R17E MDB&M. Beginning at the Southeast corner of the parcel described hereby, a point in the center of California State Highway III Pla 38A, from which point the Southwest corner of Section 7 T15N, R17 E, MDB&M bears the following three courses—S2°22'50" W348.41 feet, S0°43' W 582.03 feet, and S89°42'30° W 1900.15 feet; thence along the centerline of said highway on the arc of a curve to the right having a radius of 6000 feet (said arc being represented by the chord of N8°32'20° E 941.14 feet) to a point hereby designated as Point "A"; thence continuing along the centerline of said highway on the arc of a curve to the right having a radius of 6000 feet (said arc being represented by the chord of N 13° 46' E 153.82 feet): thence continuing along the centerline of of said highway on a tangent to the last mentioned curve N14°30'E 641.5 feet, more or less, to the East-West centerline of said Section 7, thence Westerly along the East-West centerline of said Section 7 for a distance of 970 feet; then at right angles South 150 feet to a point; thence Southerly in a direct line to a point which is located S89°42'30° W 520 feet from a point in the said State highway, the last mentioned point in the said highway being distant N 13°46' E 61.78 feet from the afore mentioned Point "A"; thence S25° 35' E 66.52 feet to a point on a line which bears S89°42'30° W from the aforementioned Point "A"; thence S89°42'30" W 43 feet, more or less, to a point which is distant S89°42' 30° W 520 feet from the aforementioned Point "A"; thence Southerly in direct line to a point distant S89°42'30" W 540 feet from the point of beginning; thence N 89° 42' 30" E 540.00 feet the point of beginning.

Excepting therefrom that portion lying within the boundries of the California State Highway.

Containing 23 acres, more or less.

At said hearing all persons in favor of the granting of said petition and all persons opposed thereto may be heard.

Dated: October 18, 1957.

HARRY STUBLEY, Secretary
Placer County Planning Commission.
NANCY CAPERON, Clerk of said Commission.

Publish: Oct. 24 and Nov. 7, 1957

Yellow Is Found To Be Best Color For Hunters

SACRAMENTO (CNS) — Deer hunters venturing into the field with a streak of yellow down their backs—or elsewhere—can't be tabbed as lacking in intestinal fortitude or virility.

The California Optometric Association reports that yellow definitely has won the battle over red as the best protective color for hunting raiment.

The statement came after the completion of the final and most crucial test series in the red-yellow controversy. During the tests, with U.S. Army personnel acting as guinea pigs, speed and accuracy of identification were recorded for every color during morning, noon and twilight hours.

"According to partial tabulations, yellow was recognized six times as quickly as red, even against the brilliantly-hued reds and yellows of autumn foliage," said Dr. Arthur C. Hensen, Jr., San Jose, association president.

"Yellow's victory seems decisive," he said. "So far, tabulations show red to have the poorest or next to poorest vibility for the majority of test participants."

County Per Capita Tax Is Reported Among Highest By Taxpayers

Nevada County citizens were informed that their county is among those in California bearing the heaviest per capita local and state imposed tax load in the west.

California Taxpayers' Association General Manager S. J. Arnold warned that, aside from hardship of the individual burden, the danger is great that this menace will retard future community and state growth so essential to maintain prosperity for an increasing population.

Per capita average collections in California of state and locally imposed taxes have soared to about $224 annually, Arnold said, and make urgent "the utmost vigilance to be sure we get the best government at the lowest possible cost."

Nevada County's per capita 1956-57 property tax was $102.65; its 1956-57 local property tax plus $121.88 state tax colections totals about $224.53.

Other states rank as follows:

Oregon, $205; Montana, $191; Colorado, $182; Wyoming, $181; Washington, $176; Utah, $174; Arizona, $159; Idaho, $155; New Mexico, $149.

14 GALLONS OF BEER IS STATE AVERAGE

SACRAMENTO (CNS)—Any Californian who drank less than 1.7 gallons of hard liquor, 14 gallons of beer and two gallons of wine during the year ended June 30 was below average, the state board of equalization reported.

The board said wholesale distributions amounted to 23,189,000 gallons of distilled spirits, 192,050,000 gallons of beer and 27,635,000 gallons of wine. Excise tax on these amounted to $34,783,995, $3,850,866 and $614,006, for a total of $39,248,866, the board said.

Whiskey accounted for three-fourth of the liquor sold.

FOLLETTS DONATE ITEMS TO LIBRARY

The Tahoe-Truckee Community Center Library is grateful to Mr. and Mrs. S. A. Follett for a recent gift of works of art, Librarian Roy Baker declared.

In the collection there are two enlarged and framed photographs of Donner and Cascade Lakes, both taken several years ago when the highway over Donner Pass was but a gravel road. There are other books of art dating back to 1904.

The oldest one is a book of drawings by A. B. Frost. The unique feature of this volume, other than having an introduction by Joel Chandler Harris, author of the Uncle Remus stories, is that on the page opposite each picture there is a brief story in verse to accompany the art.

Favorite paintings by leading American artists carries a copyright date of 1908. Some of the paintings are in color, others are black and white.

The third book is Collier's new photographic history of the World's War including sketches, drawings and paintings made by artists at the front, 1918. This work of historical art will have special value for making a comparative study of the uniforms, weapons and methods of warfare of the two World Wars.

The Folletts are long-time residents of Truckee and are glad to make these family treasures available for others of the community to enjoy, Baker said.

In the absence of a local museum to collect and house art treasures and relics of the past the personnel of the library are happy to share the task of preserving such materials. They are especially interested in photographs, old newspapers, correspondence and like documents that help tell the history of the community, Librarian Roy Baker announced.

PETITION TO NAME MISSION OFFERED

TAHOE CITY—Close to fifty names were obtained Sunday on a petition to become St. Nicholas Mission instead of St. Nicholas Preaching Station. Lay readers Charles Beardsley and Jeff Holly. from San Marino, conducted the service at which the eight-voiced choir made its first appearance. Church history was the subject of the sermon.

Mr. and Mrs. John Starratt were hosts at the door and Mr. and Mrs. Joy Shontz served coffee after the services. A confirmation class is started this week at the home of Charles Beardsley on Monday nights at 7 p.m. Vestry meeting has been changed to Wednesday nights at the same hour to be followed by choir practice at 8 p.m. These last two meetings are held at St. Nicholas Hall.

Kings Beach Youths To Hold Halloween Affair

KINGS BEACH—The Methodist Youth Fellowship of the Kings Beach Community Church is having its second annual Halloween ball, Halloween night at 8 o'clock. To be called Witches' Fling, it will be held in the recently completed youth room of the church. The price is 25c for couple and 25c if you come stag. This includes refreshments. Come in costume and have a good time. All youngsters of high school age are invited.

In Los Angeles—
Dr. and Mrs. Robert Affeldt returned from Los Angeles recently where he had attended a seminar.

Goes To Colorado—
Mrs. Guy Wilcox of Longmont, Colo., left for her home Tuesday after attending last rites for C. E. Allison and visiting her sister, Mrs. C. E. Allison.

Rose Trip—
Mr. and Mrs. Zeph Rose have been on a trip including Arcata, San Francisco and other bay area places of interest.

Rides Bike In Munchen—
The Elden Tonini family have received a recent letter from Miss Babette Haueisen from Munchen where she has been training for ski events by bike riding throughout the country, which she wrote, is enjoying Indian summer.

To Folsom—
The E. E. Payens have left for Verdi, Nev., to Folsom.

Oroville For Winter—
Sarah Ann Ernst has apparently recovered from a recent illness to leave Graeagle to winter in Oroville, her local friends have learned.

Sell House—

Hunt Deer—
Sgt. and Mrs. Frank Snyder and Mr. and Mrs. Art Saunders came home from a recent deer hunt in Nevada.

Pocket-size television cameras and smaller, better radio receivers for everybody are nearer to mass production as the result of new transistor discoveries by physicists at the navy ordnance laboratory, Silver Spring, Md.

One of California's most destructive earthquakes, centered in the Owens Valley, occurred March 26, 1872.

New Director For Olympics Named

Robert L. King, a former member of the FBI and currently assistant to Vice President Richard Nixon, will become executive director of the 1960 Winter Olympics Organizing Committee November 1, Prentis C. Hale, chairman of that organization, reports.

King, who is 44, is a native of Alabama and a graduate of George Washington University where he studied law.

Although he has never had more than a speciator's interest in winter sports, King is enthusiastic in the prospects for his new job. He visited in San Francisco last week with Nixon and held a press conference with Hale.

"I'm sure it will be the greatest Winter Olympics ever held and this is a wonderful way for me to come back to San Francisco," he said.

At the press conference, Hale reported work is under way on the first phase of the construction at Squaw Valley.

He also said that the defense department indicated that 500 soldiers, equivalent of Alpine troops, will be available during the winter Olympics for patrol and communications service .It will be part of the ski troop training, he said.

Hale said that although orders for tickets have not been solicited, more than 1000 applications have already been received for the 8000 capacity stands fronting the ice arena.

In County Seat—
W. M. Englehart, Sr., was in Nevada City on jury duty yesterday.

North Tahoe Women's Club Will Meet Monday

KINGS BEACH — Mrs. Wally Skaggs will preside at the luncheon meeting of the North Tahoe Women's Club to be held at 12:30, Monday, October 28, in the Crystal Bay Club. Mrs. Edward Moore is program chairman for the afternoon.

The affair is an important one to members and reservations may be made by calling Liberty 6-2247 or Liberty 6-3981.

UNDERWRITER GIVES TALK AT LAKE MEET

KINGS BEACH—During the Monday night meeting of the Rotary Club of Brockway, Curlie Mason acting as program chairman, introduced as the speaker for the evening, Fred E. Kaiser, representative Fire Underwriters of the Pacific.

Kaiser's duties include the inspection of fire districts and of making recommendations to the fire insurance board. He explained the necessary conditions that should exist in order to reduce fire insurance rates.

After answering questions he presented a film entitled, "Operation Safe Guard."

Jack Stewarts Parents Of Baby Son At Reno

Mr. and Mrs. Charles Heller received an announcement of the birth October 20 of a son to Mr. and Mrs. Jack Stewart of Reno, former local residents.

The child who has two older sisters, has been given the names of Jack Frederick, Jr. He weighed 6 pounds 10 ounces on arrival.

TWO COUNTIES WILL DISCUSS NEW PORT

AUBURN—A public hearing on a proposal to establish a Tahoe-Truckee Airport District was held by the board of supervisors last Monday. As a result of the hearing, the board plans to confer with Nevada County relative to establishing boundaries and setting an election to decide on the formation of the district.

Fred Schultz, president of the Tahoe Sierra Chamber of Commerce and one of the proponents of the district, was the principal speaker in favor of its formation.

He presented letters from the Tahoe Chamber, the North Tahoe Community Club and the Lake Tahoe Lions Club, urging an election be called to decide the question.

The district was opposed by Norman Mayfield, who appeared in person, and by a letter from H. E. Blackwell, both of Tahoe City.

They pointed out the increased taxes to result from the district and questioned if there was sufficient air traffic to warrant an airport at this time.

Club Met—
Mrs. K. Baker was hostess last Wednesday evening to members of a card club.

At Grand Lodge—
Mrs. Charles Heller and Mrs. Byron Miller attended the O.E.S. Grand Lodge held last week at Long Beach.

In Montana—
Mr. and Mrs. Lauren Russell returned from a trip which took them into Montana.

CARD OF THANKS

We are very grateful for the many kind deeds and other expressions of sympathy given us during our recent bereavement.

Mrs. C. E. Allison
Mr. and Mrs. Clinton Allison
Mr. and Mrs. William Craig

Tarzan

by EDGAR RICE BURROUGHS

ALTHOUGH THE APE-MAN ESCAPED FROM THE PIRATES, HE FOUND NO RESPITE FROM DANGER AS ONCE AGAIN HE FACED HOSTILE GUNS

SUDDENLY IT OCCURRED TO TARZAN THAT THE WHITE MAN MIGHT BE THE PERSON AKBAR QUESTIONED HIM ABOUT. "WAIT!" HE EXCLAIMED. "AREN'T YOU BRUCE BROWN?"

"OF COURSE, YOU THIEVING PIRATE!" THE MAN RETORTED. TARZAN SHOOK HIS HEAD. "I WAS AKBAR'S PRISONER-- TORTURED BECAUSE HE THOUGHT I WORKED FOR YOU!"

BROWN HESITATED, THEN RELAXED. "I'M SORRY, BUT THAT VICIOUS ARAB HAS FRAYED MY NERVES. HIS PLUNDERING OF MY SHIPS HAS RUINED A PROSPEROUS TRADE--"

OBVIOUSLY (GROAN), BEAUTIFUL WOMEN ARE FAILURES AT ASKING QUESTIONS!

-WHEN THEY'RE (GASP) KEPT TOO BUSY ANSWERING THEM! HOW DO WE STAY IN THE PUBLIC OPINION BUSINESS NOW, BLABBER?

HOW ARE WE GOING TO EVALUATE PUBLIC OPINION ON THE QUESTION OF THE NEW HIGHWAY IF WE DON'T HAVE ANY POLL TAKERS?

BUILD IT, BUSTER!

WHO SAID THAT?

ME. BUILD YOUR BLARSTED HIGHWAY. FOLKS'LL KICK AT FIRST, BUT SOON'S YOU'RE FINISHED THEY'LL BUST A GUT THANKIN' YOU!

H-HOW CAN YOU BE SO SURE THAT'S WHAT THE COMMON PEOPLE ARE THINKING, MR-?

J. PIERPONT GROGGINS, PAL. AND T' ANSWER YOUR QUESTION THERE'S NO PEOPLE MORE COMMON THAN ME!

I'M GOING TO ASK YOU SOME QUESTIONS WE ALREADY KNOW. THE ANSWERS TO, MR. GROGGINS. IF YOU SCORE WELL ON THOSE, WE'LL CONSIDER THAT YOU'RE A RELIABLE BAROMETER TO PUBLIC OPINION!

A COUPLE OF HUNDRED QUESTIONS LATER-

IT'S (GASP) AMAZING!! EVERY OPINION HE'S EXPRESSED CHECKED OUT 100 PERCENT WITH THE MAJORITY OF PEOPLE WE ACTUALLY QUESTIONED!

KEERECT!! ALL YER GOT T'DO IS FIGGER OUT WHAT'S BEST FER YERSELF AND THAT'S A SURE SIGN THE OTHER SLOBS IS THINKIN' THE SAME!

THIS CREATURE IS ABSOLUTELY SENSATIONAL! THINK OF THE OVERHEAD WE (CHUCKLE) SAVE BY EMPLOYING HIM AS A ONE-MAN PUBLIC OPINION SURVEY!

LET'S NOT WAIT, BLABBER- LET'S (CHOKE) SIGN HIM UP TO A LIFETIME CONTRACT!
